EDMONTON, WEDNESDAY, AUG. 3, 1910.

No. 181.

VOTE MONEY NEXT SESSION FOR EDMONTON-PEG CANAL

Preliminary Reports Received at
Public Works Department
at Ottawa

IT WILL SURELY BE BUILT
Rough Estimate of Cost is \$15-
000,000, Exclusive of Lock at
Grand Falls

Ottawa, Aug. 3.—Preliminary reports received at the public works department here indicate that surveying along the Saskatchewan river for which a party was sent out some time ago is going ahead and by the time parliament assembles there will be available a preliminary estimate of the cost of the proposed water way for grain from Edmonton to Winnipeg.

COST \$15,000,000
While not officially stated, it is roughly estimated that the work necessary to navigating along the Saskatchewan can be done for about fifteen million dollars. This is exclusive of the construction of locks to overcome the Grand Falls. In some places the river is six feet in depth and in others forty feet. It will require much dredging. It seems to be a sure thing that the waterway will be built, and if the estimates are received in time to remove any doubts as to its feasibility, a preliminary appropriation is expected next session.

GREAT DAMAGE
Paris, August 2.—The damage caused to the French crops by the continued cold weather earlier in the season is unofficially estimated at \$300,000,000.

CHANGES IN OATH FINAL

Accession Declaration Bill Passed
Lords and Given Royal Assent

BANK OF B.N.A. DIVIDEND
Some Criticisms of Security of
Grand Trunk Bonds
Refuted

(Canadian Associated Press)
London, August 3.—The accession Declaration Bill, which was read for the third time in the House of Lords last night, obtained the royal assent to-day.

G.T.P. Bonds
As there have been some criticisms recently regarding the frequency of issues of G.T.P. first mortgage of guarantee bonds, with other derogatory references to the security, it is pointed out that these do not effect the intrinsic value of the bonds which are one of the cheapest liquid investments on the market. The yield on them is more favorable than obtainable on direct obligations of the Canadian Government.

Bank of B.N.A. has declared a dividend of 30 shillings per share.

CONDITIONS WORSE

**Campbellton Refugees Living Under
Very Bad Conditions**
Campbellton, N. B., Aug. 3.—Sanitary conditions in the stricken town are becoming bad. Another case of diphtheria is reported. The steamer "Scutic," which has been used as a hotel since the disaster, started again on her route. Everybody is now obliged to live in tents or shacks. According to an insurance adjuster the insurance losses by fire will total \$164,840.

Mr. James M. Collins, chief engineer of the May Construction Company, who was recently married to Miss Whitley, of Goderich, Ontario, has returned to Edmonton with his bride.

Quick service is what people want in the drug store these days. They can get it at the Edmonton Drug Co.

Our summer suits excel any we have ever been able to show at the price before—Kelly and Moore.

Handsome new styles in fancy hosiery at Kelly and Moore's.

CANADIAN NORTHERN AT WORK IN CALGARY

Started Grading Inside the City
Limits This Morning

(Special to The Capital.)
Calgary, August 3.—Work on grading the C.N.R. inside the city limits was started to-day. J. L. Powers, of Okotoks, who has a sub-contract from John Breckenridge, is arranging for a dozen teams and expects to have another dozen within a few days. The first work will be done at the Elbow from St. Mary's Hall. This will be the first grading to be done in Calgary other than by the C.P.R. It will be a welcome sight to all.

MAIL SERVICE ON MIDNIGHT FLYER

Baggage Car Mail Service Has
Been Established by the
Post Office

NO POST OFFICE CAR YET
First Mail Was Carried by Mid-
night Train on Monday

As soon as the success of the midnight express from Edmonton to Calgary was assured, steps were taken to have a mail service run in connection. When Mr. B. M. Armstrong, controller of the railway mails, was in town his attention was called to the matter with the result that on August 3 a baggage car mail service was established. There is no post office car on the train or a post office clerk—the mails simply being carried in the baggage car.

Letters, to catch this mail, must be posted in the city before 11:30 p.m. and they will then be delivered in Calgary the next morning.

Scots Board Helped Get It
The Strathcona Board of Trade was in a measure responsible for the inauguration of the service. Mr. Douglas, the president, took the matter up with Mr. Armstrong and the postmaster general and received a letter from the latter saying that the service would be authorized and that when the train service was increased from tri-weekly to daily, the question of increasing the mail service to daily would be taken up.

Mr. May, the postmaster of Edmonton, this morning expressed his great indignation at the comments in the press on the delivery service. He remarked that the article in question was unfair and that the postoffice officials were doing the best they could with their present staff to make the delivery satisfactory in every way.

KAISER'S CUP RACE

Comes, Aug. 3.—The American schooner "Wanderer" started with the yachts Germania, Cicely and Susanna in the race for the Kaiser's cup this morning over a course of 45 miles.

DIVE PARALYZED HIM

Vernon, B. C., Aug. 3.—Steward Quaid, of the steamer Okanagan, while diving in the lake, struck his head on a rock and is now in the Jubilee Hospital completely paralyzed. It is feared that the spine is also seriously injured.

HERE'S A MAN DOES NOT CARE FOR SALARY AND POSITION

Offered Him Better Pay
The city commissioners have considered that William J. had too much work to do as roadmaster and inspector, so offered to relieve him of the duties of the first office without any reduction in his salary. That wouldn't suit William J. A possible explanation is that while Mr. Fountain was considering the weighty problem all the old exhilaration of rounding the curve at the foot of Ninth street came to him and that the attraction was irresistible. Outside of that no explanation is forthcoming for Mr. Fountain's unusual action. The commissioners are now to appoint another roadmaster and also an inspector.

CRIPPEN HAS BEST LAWYER

Arthur Newton, Famous English
Solicitor, Has Offered His
Services

WOMAN GIVES MONEY
His Parents Are Arranging for
Defence and Big Battle
Is Sure

GIRL IS SHIELDING HIM
Reported Crippen Confessed, But
Detectives All Deny
This

London, August 3.—Arthur Newton has called to Dr. Crippen his willingness to undertake his defence. Newton is one of the best known and most prominent English solicitors, and has been connected with many famous cases.

Will Be a Big Fight.
Quebec, August 3.—A desperate legal battle was assured to-day, when Crippen accepted the offer of aid from London and announced he would not extradite. The guard at the man's cell is increased and he is not permitted to speak except to trust-worthy persons who will not report every word.

London, August 3.—Detective Mitchell sails on the Lake Manitoba with papers for the extradition of Crippen.
London, August 3.—A police man is to accompany Sergeant Mitchell to Canada to take care of Ethel Levee. Crippen's parents will arrange for his defence. A rich woman who Crippen treated for deafness is said to have put her wealth at his disposal.

Lived in Detroit.
Detroit, August 3.—Dr. Crippen lived here for four years with Dr. Phil Porter. He was engaged to the daughter of Mrs. Porter's sister, but the mother broke off the match.

Has Crippen Confessed?
Quebec, August 3.—The rumor is persistently circulated here this morning that Dr. Crippen has confessed. This confession, it is understood, was laconic and lacking in any detail, but none the less definite and is widely credited.

Dr. Crippen is said to have said quietly, without any emotion whatever, "Yes, I killed the woman." It is further reported that he affects no regret but that he will tell his story when the proper time comes without any attempt to extenuate or excuse, simply laying certain facts before the authorities.

In Shielding Crippen.
Ethel Levee to-day sent a cable message to her parents in England stating that she had told all she knew of the tragedy.

The man was sent after Inspector Dew has spent several hours with the young woman in the home of Chief of Police McCarthy. Later, Inspector Dew said:

"She is doing all she can to shield Dr. Crippen. In her discussion of the case she constantly repeated that she believed Dr. Crippen innocent. We know better."

The detectives all deny the reported confession of Dr. Crippen unambiguously and with emphasis; this, however, would probably be done even if it were true.

WOMAN THROWN FROM HER HORSE

Had Several Ribs Broken—Horse
Frightened by Passing
Auto

(Special to The Capital.)
Calgary, Aug. 3.—Mrs. E. Dewdney, wife of a rancher whose place is six miles south of Calgary, had two of her ribs broken through being thrown from her horse and kicked, yesterday. She was riding into the city across the prairie and when three miles away from Calgary an automobile passed. Startled by the strange sight and noise, the horse suddenly plunged violently and threw her to the ground. The motor car was immediately stopped and the occupants brought Mrs. Dewdney into the city to the Holy Cross hospital.

Besides the fractured ribs, she is suffering severely from shock.

ELEVATORS WILL ALL STAY OPEN IN THE WEST

Rumor That They Would Not
Open in the South Is
Wrong

Winnipeg, Aug. 3.—For some time, rumors to the effect that several large elevator companies would not open their elevators in Southern Manitoba and Saskatchewan have been in circulation. Inquiries indicate that all the elevators will be open except in a few cases where the Eastern branch, but in many places they will be open but a short time unless business warrants otherwise.

KING CONFESSED HE WAS MURDERER

Said He Had Been Connected
With Several Murders

EXPECTED WOULD HANG
Denied Murdering Hindahl, But
Confessed Other Crimes in
Minnesota

"I deserve to die. I expected to end my life on the gallows. At least not for the murder of Hindahl. I did not do that. But for several other murders in which I have been mixed up."

This was the remarkable statement made by William Oscar King to Rev. J. L. W. Schuetz, one of his spiritual advisors, just a few hours before he was hanged yesterday morning.

To the King persisted in maintaining his innocence of the crime for which he was hanged. But he admitted that he was a murderer.

"All he would say to us," said Mr. Schuetz to the Capital last night, "was that he did not murder Hindahl, but that he could tell who did. He named the two men, Parks and Keller as being responsible for the deed."

"He confessed to several minor crimes for which he had served sentences in the penitentiary, but he said nothing new about the murder of Hindahl."

"He really seemed to be very fond of his children. He told us that he would never have been caught by the police if he had not been overcome by a desire to see his children. He had six months' start in the police, and he had escaped to a spot that they knew had been working under previously, Canada just to see his children."

HELLO GIRLS STRUCK

Port Arthur, Aug. 3.—Port Arthur was without telephone service, between midnight and one a.m. owing to a strike of the girl operators on a contract of wage trouble. On a promise that they would get a fair hearing before the committee managing the civic telephone department, the girls returned to duty.

RETURN OPEN VERDICT

Lafayette, Que., August 3.—In the inquest held before Coroner Vanasse to investigate the dynamite explosion near here by which James Welsh, J. Salo, C. Chaloner, Paul Green, G. H. Pedgley, J. J. Foley, Chas. Phillips, Francis Charles and Harry Knapp lost their lives, the jury returned an open verdict that death was caused by an explosion.

GRIESBACH OF GLEICHEN TO CONTEST RIDING FOR TORIES

(Special to The Capital.)
Calgary, August 3.—Conservatives will not officially out and place a candidate in the field at Gleichen. The Conservatives of Gleichen, however, are in the field at Gleichen, and if perchance a third candidate enters the contest he will take his own chances.

Emil Griesbach to Run.
In the meantime that is just what one Conservative has decided to do. That person is Emil Griesbach, of Gleichen. Mr. Griesbach is a well-known resident of the riding, president of the Gleichen Board of Trade and altogether a very prominent man.

ELABORATE PROGRAMME FOR SIR WILFRID'S VISIT

SOLDIERS ARE EXPENSIVE
Costing Columbus \$12,000 a Day to
Keep Them There

Columbus, Ohio, Aug. 3.—Governor Harmon today is considering withdrawing about half of the National Guard now on riot duty, thereby cutting down the expenses of maintaining the soldiers from \$12,000 to about \$5,000 a day. In that event, half of the street cars will be taken off and all lines abandoned temporarily with the exception of the West Broad street, Long street and High street. Negotiations for a settlement of the strike were renewed today with but little prospect of an agreement.

HON. C.R. MITCHELL BACK IN CITY TODAY

Has Had a Trip to the Coast—
Was Merely Off on a
Holiday

Hon. C. R. Mitchell, attorney-general, returned to the city yesterday. When seen by The Capital this morning Mr. Mitchell stated that his trip was merely for a holiday, and that he transacted no business of state while absent. Mr. Mitchell states that weather conditions in the coast province are nearly as bad as in portions of Alberta and Saskatchewan, but that it was not dry enough to affect the crop. The attorney-general spent a couple of days in Medicine Hat before returning to the city.

TO AWARD CONTRACT

Ottawa, Aug. 3.—Sir Richard Cartwright, acting premier, is in the city. A cabinet council is to be held today at which routing matters preponderate. The contract for the Saskatchewan river bridge in connection with the Hudson's Bay Railway is to be awarded.

NO C.N.R. STRIKE IN EDMONTON

**Winnipeg Dispatch Says Men
Out Here, But This Is Not
the Case**

A recent dispatch from Winnipeg states that there are six hundred men out on strike in the C.N.R. between Port Arthur and Edmonton. Locally, this is not the case. All the men went out on strike in Edmonton returned to work on the morning of the 19th of July at precisely the same agreement as they had before the strike. They have had no raise of wages or any change or inducement to make them return. Evidently they consider that it is not worth while staying by their leaders in Winnipeg, who are still fighting the company and who seem likely to continue doing so.

Mr. Brown, superintendent of the Edmonton district, said this morning that all the men who were out on strike had returned on July 19th, on exactly the same conditions as they had been working under previously. He said he had no idea what induced them to return as there had been no concessions granted to them.

City Is Now Being Decorated in Honor of the Premier

ROUTE OF PROCESSION
Complete Programme Given for
the Whole Time of Premier's Stay

Mayor Lee issued a proclamation this morning declaring Tuesday, August 3rd a half holiday up to one o'clock, and calling upon all merchants and others to close their places of business and to decorate their homes or of the visit of Rt. Hon. Sir Wilfrid Laurier.

Decorating City

The arrangements for the fitting reception of the nation's chief magistrate having been almost concluded, preparations are now being made to have them carried into effect. Along Jasper avenue, two arches can be seen under course of construction, one at the corner of Queen's avenue and the other at the corner of Third street.

Another arch is being erected on First street. The trolley poles along the centre of Jasper avenue are being decorated with evergreen from Queen's avenue to Third street.

Guard of Honor
The prime minister and his party will arrive on a private train at the C. N. R. station on Monday evening at 6 o'clock and will be met by a guard of honor from the royal Fusiliers, and three bands, the royal, the citizens' band and the pipers. He will then be escorted to the King Edward Hotel. It is unlikely that anything will take place that evening as the Premier will be given an opportunity to

(Continued on page eight)

FARMERS IN SOUTH ARE OPTIMISTIC

**Another Man Brings Word That
Crops in the South Are
Fair**

WORST ALONG THE C. & E.
Even Farmers Who Lost All
Have Not Lost Faith in
Country

(Special to The Capital.)
Calgary, August 3.—"For a dry season like this, I consider the crops in Southern Alberta a success, and there will be a great deal more grain harvested in the south country than most people imagine."

The above statement was made by Mr. P. Turner Bone, C.E., who returned yesterday from a trip through the Southern Alberta country.

"The best crops I saw," said Mr. Bone, "were in the Pincher Creek district, but I did not visit the Cardston district, where I have heard crops are very fair."

Saw Very Fair Crops.
Mr. Bone drove across country from Carmangay to Claresholm, and said that after he got a few miles out of Carmangay he passed the field after field of very fair crop.

Many farmers, he said, will have a good crop; others will have their seed and feed and some for market while others will scarcely have anything. He remarked especially on the spirit of optimism every where even among those farmers whose crops were practically destroyed by the continued dry hot weather. They have the fullest confidence that a country that can experience such an unusually long period of dry weather as Southern Alberta has been through this season and produce the crops that are to be found throughout the South must be one of the best agricultural countries on earth.

"Most people," observed Mr. Bone, "form their own seasons of the crops of Southern Alberta from what they see from the railway train. I don't know how it is, but the fact exists that the worst crops in the South are right along the C. and E. Railway."

WrestlingESKIMOS WON
FROM BRANDON

Dellars Nineteenth Victory—Baxter and Morse did Heavy Hitting—Score Was 3-2

Brandon, Aug. 3.—The Eskimos claimed the game last night by superior and harder hitting, both pitchers working well. The Angels showed great improvement, but the Eskimos' classy fielding was noticeable. The game was called in the seventh on account of darkness. The score:

Brandon	AB	R	H	POA
Trickett, c.	3	0	1	2
McDonald, r.f.	2	0	0	0
Holmes, ss.	3	0	1	3
Schultz, c.f.	3	0	0	0

Brennan, p.	3	0	1	2
Dellars, p.	3	0	0	0
White, c.	3	0	1	1
Totals	28	3	10	2

Earned runs, Edmonton 1, Brandon 2; two-base hits, Baxter, Morse, Holmes; one-base hits, Baxter, Morse, Jones on ball, off Dellars 1, off Pielan 1; hit by pitched ball, Trickett; struck out, by Dellars 2, by Pielan 7; left on bases, Edmonton 3, Brandon 4; stolen bases, Jones, O'Brien 2. Umpire, Smith.

THE CHARITY SHIELD

The following draws have been made for the Charity Shield:

Aug. 15—Y.M.C.A. vs. Callies A—Referee, J. G. Armour.

Aug. 16—Callies B. vs. N. Edmonton—Referee, R. M. Miller.

Aug. 22—St. George's vs. S. O. R.—Referee, C. T. Atkinson.

Aug. 23—Norwood vs. Hibernians—Referee, C. M. Small.

The first round of this competition will be held at Second street grounds, and the finals at Diamond Park. A team once defeated is out of the running.

BUDD BURT VS. MAXWELL

Edmonton fight fans who had their appetites sharpened by the Burt-Jones bout in Strathcona, a few weeks ago, will have another opportunity to see the Minnesota boxer in action.

Young Maxwell, his manager, and Budd Burt, visited the Capital office yesterday and articles were drawn up and signed for a 15-round bout to be held in Strathcona very shortly. The date will be announced as soon as the opera house has been secured.

Each man have already gone into active training. Young Maxwell has established quarters in Strathcona, while Burt will work out in his gym at the Senate Hotel.

Young Maxwell received a challenge from a boxer named Jones this morning. Jones is a tight knocker in Fernie this month and wants to arrange a bout with Maxwell. The latter says that Jones can't fight Burt and then may get a chance.

THE BUSY HONUS.

Columns and columns have been written about Hans Wagner's ability, but William Locke, the secretary of the Pittsburgh club, who travels with the team, has some interesting things to say about the "Flying Dutchman."

"I have watched Wagner's play for a good many years now," said Locke, recently, "and I really believe that he handles the ball better than any other player on the team, barring of course the pitcher and catcher."

"Then Wagner is often responsible for good playing that is not recorded in the box score, and even plays that a majority of the fans don't appreciate. Invariably when a long hit to fly is sent to my outfielders Wagner chases out, whether the field is left, centre or right. He intercepts the throw."

SASKATOON MAKES MONEY.

The Saskatoon Press says: "The ball boys left by the C.P.R. Wednesday night for Brandon and the Winnipeg-Edmonton game for their own town. It is said that Saskatoon ball club, after paying the visitors' share of receipts, over seven hundred dollars on the three games here. On the 19th night it is expected that the Saskatoon lot will make some money, too, as they strike the end of the Brandon fall and also the last part of the Regina fair before returning for the fair week here."

NORWOOD BEAT CALLIES B.

An exhibition football match was played last evening at the Second street grounds between Callies B., winners of Division B. of the City Football League, and Norwood. The score was 2-0 in Norwood's favor.

WPG. CRICKET
TOURNAMENT

The Home Team Lost to Saskatchewan but Won From Alberta, the Latter did Poorly

Winnipeg, August 3.—Manitoba split even in the cricket tournament yesterday, losing to Saskatchewan, but triumphing over Alberta. Saskatchewan won easily from Winnipeg, completely mastering the bowling they scored 210 in the first innings to 84 of the home team. Winnipeg followed on and did better, 67 for two wickets, when the game was called and awarded on the first innings. The feature was the number of batsmen who got double figures. Vidal 31, Heathcote 32, Gurney 27, Scott 28, Hawkes 19, and Price 14 of the visitors.

The match between Alberta and Manitoba was won by the latter with seven wickets to spare. The bowling completely mastered the batters in the earlier stages, the Albertans being retired for 56 and the Manitobans made but 80. The Albertans all but doubled their score in the next, 105 being the tally and the Manitobans also got the best of the bowling making the necessary 82 for the loss of only three wickets.

KISSABLE TOM FLANNIGAN

"Toronto Telegram"—This morning as he lay doing his little bed a message was received by Tom Flannigan that a lady and gentleman from Chicago were downstairs to see him. He dressed hurriedly and came down. The lady, whom he never saw before, rushed at him and throwing her arms around his neck kissed him. Then she remarked: "I can go home to Chicago now satisfied." Her husband, who stood quietly by, remarked: "Well, she did it, but she has been hanging around two days to get the chance." Explanations followed. The lady, who is a Canadian, won heavily on Johnson.

OLDFIELD AND SMOKE.

New York, August 3.—Jack Johnson the heavyweight champion, has found a way to get his name in the papers against him in an automobile. In a telegram from Allentown, Pa., Bancy Oldfield says:

"I notice in a challenge issued by Jack Johnson to race me for \$5,000 over the Brighton Beach track. Ordinarily I should not reply until I knew that the challenge was authentic but New York promoters wired me asking if I would race Johnson. Automobile racing is my business, and if Johnson or any other man in the world has \$5,000 to bet that he can beat me at my game, I am ready to race."

THE PEOPLE'S SHIELD

Secretary Armour of the City Football League received a letter from the urbane Mr. Parker of "People's Shield" fame yesterday. He states that it is his intention to run a football tournament in Toronto during the exhibition, the prize being the shield which Calgary Callies and Vancouver Callies may claim to present. An entry is solicited from Edmonton, but the league executive had the matter over to a week.

HIBS BEAT STRATHCONA

The Hibernians journeyed to Strathcona on Tuesday night and defeated the home team in a City Football League match by 3 to 1. The winning team was: Goal, Armstrong; backs, Rayner and Gourley; halves, McCartney, Speakman and Baty; forwards, Hodgson, Armour, O'Sullivan, Walker and Huston; umpire, W. J. Hill. The goals were scored by O'Sullivan 2, Hodgson 1.

PAYING FOR HIS FUN

"Now, Flaherty," said the magistrate, sternly, "the evidence shows that you threatened to assault these two men, Murphy and Finnigan, and that you actually assaulted Murphy. You are fined two pounds ten shillings."

"Paze, yer honor," said Flaherty, "if I had assaulted Finnigan, too, would it have been five pounds?"

"Certainly it would," replied the magistrate firmly.

"Then, here's the money," cried Flaherty. "Now, come on, Finnigan, come out to the strait behind the court, and let me get my fifty shillings worth."—Tip-Bis.

A SUPREME COURT FISH STORY

The late Justice Brewer was on a party of New York friends on a fishing trip in the Adirondacks, and the cannery one evening the talk naturally ran on big fish. When it came to his turn the jurist began uncertain as to how he was going to come out.

"We were fishing one time on the Grand Banks for—"

"Whales," somebody suggested.

"No," said the justice, "we were baiting with whales."—Everybody's Magazine.

MAKING A BALLOON

Gas bags of modern balloons are made of a cotton fabric, coated with India rubber in the most careful manner, in order to assure perfect impermeability without sacrificing lightness. For all large balloons, and especially for dirigibles, two layers of cloth are superposed and cemented together. The outer skin is covered with India rubber on one side only, but the inner skin is coated on both sides. As India rubber, even when dissolved, is altered by exposure to light, the canvas is colored yellow in order to arrest the violet and ultraviolet rays, which are the most active.

THE SEVENTH
WHY LUCKY?

Willie Keeler Thinks It Expression Originated From the Game of Crap-shooting

"Everybody up."

"All stretch."

"This is where we win."

Every baseball fan in the country knows that those remarks mean, writes Sam Crane, a well-known eastern baseball writer.

For years the seventh inning of a baseball game has been known as the "lucky seventh," and all sorts of magic influences are fondly imagined to be focused right in that particular period. The home club is supposed to be the one on whom the smiles of Dame Fortune fall, but it makes no difference if the home team is shut out in that inning and the visiting players call the ball for keeps, it is still the same old "lucky seventh" the next day.

In New York, at both the Polo grounds and American league park, it is the custom in the interval between the sixth and seventh innings for all the spectators to stand up, even if they do not stretch themselves. The mere act of rising is sufficient, according to the fan code, of ethics, to show one is rooting for the home team. The same custom obtains on nearly every baseball ground in the country, and recently Chicago on a very hot day, when every spectator of the over 20,000 at National league park was either coiled or white shirt-waisted, as the immense assemblage arose to sit and wait for a mammoth ball of snow moving restlessly. It was at a spectacle a pretty sight, but the sentiment behind the move of unity showed a loyalty of feeling to the home players that was even praiseworthy than the mere scene.

I asked Willie Keeler the other day if he knew when the "lucky seventh" originated and how, but he said: "I have heard of it ever since I played baseball and that has been nearly twenty years. I think it was called 'lucky seventh' from seven being a lucky number in shooting craps."

That is surely an original idea anyhow, and Keeler said it seriously as if he meant it.

Adrian C. Anson, the famous leader of the Chicago White Stockings for so many years and who played professional ball as far back as 1870, gives this reason for the derivation "lucky seventh":

In the early seventies the Athletics of Philadelphia and the Boston Red Stockings were playing a very important series of games in the Quaker city, on the result of which the championship of that year depended.

The last game was being played and the race was so close that the team securing the victory would win the pennant. The game had gone along with varying fortune up to the seventh innings and the Boston were seven runs ahead when the Athletics, with which club I was playing right field at the time, went to bat for their seventh inning. In those days the two captains tossed for the choice of things and we had chosen the last inning at bat.

Three Athletics had scored in the winning and there were three on bases when I went to bat. "A home run would tie the score."

Picking out just the ball I wanted, for we could call them for either a high or a low ball, I met it squarely on the trademark and hit it so far over the centre-field fence that it may be going yet for all I know. The ball never came back anyhow.

"Now, strange as it may appear," continued Anson, "by making those seven runs I made my seventh home run of the season, it was the seventh straight victory for the Athletics for we won out in the end, and our pitcher won the seventh on a seventh on, and our mascot was seven years old."

Anson then started to play billiards with Manager McGraw, of the Giants, and won seven points each. It was the seventh of the month, and they started to play at 7 o'clock on the seventh day of the week.

TO INVESTIGATE GORE'S CHARGES

Muskogee, Okla., August 2.—Government and Indian officials are busy to-day preparing for the investigation to-morrow of the charges made by Senator Gore relative to the F. J. McMurtry contracts to sell the coal lands of the Choctaw nation. The local officials have been installed to furnish the committee with all available information.

REGINA THROWS UP SPONGE

Regina, Aug. 3.—A special meeting of the Regina Baseball Club held last night was almost unanimously decided to throw up the sponge and on August 4th the club will hand over to the league management its franchise. While the directors much regretted to take this course in view of their financial position they felt they had no option in the matter. At present they are losing \$50 to \$60 on the home games each day. The directors feel they wouldn't be justified in continuing the Regina team under the present circumstances.

TWO PLAYERS HURT.

St. Louis, August 5.—St. Louis defeated Washington in its second game of the series yesterday, by a score of 5 to 3. Gray was injured during the second innings by a drive from Griggs' bat and was succeeded by Reising. Lelievett was spiked by Newman during the fifth innings. Unglaub took his place. A catch of a line drive by Hattell, which he turned into a double play, saved the game for the locals.

St. Louis 001310000—5 11 0
Washington 000100000—3 11 2
Kinsella and Stephens, Reising, Gray and Henry.

THE WEST. CAN. LEAGUE

The proposed withdrawal of the Regina baseball club from the league tomorrow, leaves things in a very uncertain position. After the Medicine Hat difficulty was adjusted by Saskatchewan taking over the franchise, it was felt that the teams would weather the gale for this season at least. But now, everything is again at sixes and sevens.

Regina has been talking withdrawal for a month and might just as well have withdrawn when Medicine Hat did and made the circuit a six-club one.

The season is now too far advanced to get a new club to venture in so Edmontonians are eagerly awaiting latest developments.

CALLIES A. AND ST. GEORGES

The big football game of the season takes place at Diamond Park on Friday evening, when Callies A. and St. Georges meet for the championship of Division A. of the City League. This game will practically decide the city championship, as with either wishing to belittle the Callies B. it is pretty generally conceded that both of the division A. leaders are superior to the pick of division B.

Both St. Georges and Callies have been practicing faithfully for the Friday night game, and a battle royal is confidently expected. A small admission fee will be charged.

Tonight the two Caledonian teams will practice at the Exhibition grounds and every member is expected to turn out.

Mr. Atkinson will referee the game on Friday evening.

PRETENDER FOR SPANISH THRONE

Vienna, August 2.—Don Juan, pretender to the Spanish throne, to-day held a conference with the lieutenants who are said to have advised immediate action. Juan is loath to step into the crisis.

HAL CHASE IS
IN THE SULKS

Was Suddenly Taken With a "Bad Cold" and did Not Accompany Highlanders to Boston

Hal Chase is again at odds with the management of the New York Highlanders. At any rate, reports are to that effect. The great first-sacker did not play against the Tigers, and his team has been playing bad ball. Hal was not in Friday's game, and it was reported that he had a severe cold. Few athletes get severe colds during the hot playing season and if they are unfortunate enough to find one they generally go out to the park in the morning, put on some woolen underwear and a heavy sweater or two and work for an hour or so. Cold does not do this kind of treatment and soon departs.

The cold was evidently a new variety, for Hal did not show up on Saturday and he was absent Monday and Tuesday. Some probing brought to light the fact that Chase is sulking. It was not so many years ago that Chase did the same thing. He told them he was through. Not alone that. Hal packed his belongings and returned to his home in the golden west and joined an out-of-town baseball organization. It was some trouble to return Hal to the good graces of the national commission, but they got him back safe and sound and reinstated him.

Things went along fairly well last year, and Hal was made captain of the Highlanders. Not alone is he a great player, but he has a wonderful baseball mind. With part of the power of the club in his hands the sole ruler on the field, it was Chase who made the Highlanders what they are today and set them near the head of the American League.

But it is not Chase who is publicly credited with the showing of the New York club; it is Stallings who is handed the praise for the work of the Broadway team.

Owen Farrell, of the Highlanders, has a tough job on hand. Stallings' contract does not expire until next fall, and Chase wants both captaincy and management immediately. Without Chase, the Yankees will be a weak club, and with Chase it seems impossible for Stallings who is under contract, to be around.

CLIMATE AND OLD AGE.

Mr. Cumming, in a paper on Old Age, holds that a "relaxing" climate is especially favorable to people of advanced years, being directly conducive to the amelioration of the symptoms which usually accompany this period of life. Such a climate, he says, may be compared to a warm but light coat.

"Day and night it clothes the shivering body; the warm, moist air soothes and soothes the pulmonary mucous membrane, lessening the tendency to bronchial affections, and keeping the remaining vessels of the skin in such a gentle and continuous dilation as to diminish the work of the kidneys and of the gradually failing heart."

Handsome new styles in Fancy Hosiery at Kelly & Moore's.

BREEZY BUDGET OF NEWS OF THE EDMONTON FAIR

The Big Fair opens on August 23rd. Entries close August 18th. The office telephone number is 2802. The grounds telephone number is 4141.

The exhibition offices are in Room 8, McDougall Court Building, McDougall avenue. The office will be open during the next week in the evening.

Edmonton will have the biggest fair in its history.

All the necessary buildings are under way and will be completed in good time.

Entries made to date exceed by 30 per cent that of any previous year.

Make your entry early and get the best accommodation for your stock and exhibits.

The privilege spaces are going like hot cakes. If you have not taken yours take it now. The spaces are staked out and Superintendent Stewart will be pleased to show the remaining ones to you.

The cattle stables are complete, 8 in number, 42 by 10 feet will accommodate 60 head of cattle and are built so that ladies may enter same, see the stock and walk on a platform as clean as their hall floor.

The race stables are complete and will accommodate 100 race horses.

The show Horse Stables are complete, nine in number and will accommodate 40 stallions and 400 horses. These buildings will be kept as clean as a whip and are expressly for the purpose of safety and cleanliness.

The sheep and swine buildings are complete and here also both men and women can see the animals from a clean platform.

The idea of the management is to provide for once stock buildings that all may go through with pleasure and safety. The names of the different breeds will be posted up and a man may take his wife and family through these buildings and get some education and a line on the different breeds of animals.

The dog and poultry buildings will be completed by Saturday night. It will accommodate 70 birds and 250 dogs.

The horticultural building is under construction and will be ready by the 15th.

The foundation of the big dining hall is in and the material on the ground for its construction.

The main gate is about complete and is a beauty. The Edmonton Concrete Company are putting up this gate at their own expense and like all their work reflects great credit on the firm. This is one of the many industries of Edmonton of which the city may be proud, they are pushers.

The Directors, Manager's and Secretary's office is about complete. It faces the main entrance, very convenient for all and is fronted by flower beds and gravel walk and shade trees.

The dining hall has a beautiful location in a grove of trees with a band stand on one side.

The sidewalks are being built from the railway track and along Willow avenue.

The race track which is Superintendent Stewart's pet is a daily event and elicits favorable comment from all.

William Richardson and D. S. Robertson have been added to the clerical staff and are busy taking entries, distributing literature, while Secretary Moore is kept going answering correspondence.

The platform for unloading stock will be started next week. The G. T. P. are putting in two connecting switches.

The storage warehouse will be complete by Saturday night.

The water mains are all in and the side lines about ready.

The police corps is complete and the public may rest assured that under Chief Lacey and his men the fair grounds will be as safe as if they were in their own homes.

The fire hall is about ready and Chief Davidson is installing an alarm system which will give perfect protection to the buildings and the public.

The judges' stand is finished and is right up to date.

The sanitary arrangements will be the best possible, towels, soap, mirrors and waiting room will be in each of the women's toilet and there will be a waiting woman in charge. Every accommodation for children will be provided.

There will be a public telephone office on the grounds.

There will be a parcel and checking office on the grounds.

There will be a press tent on the grounds equipped with tables, chairs, stationery, supplies, etc.

There will be an ambulance on the grounds and it is hoped to have a Red Cross tent with two nurses at hand in case of accidents.

There will be a shipping office at the railway siding with a clerk in attendance. This will mean a great convenience to stock shippers.

Alberta avenue is being repaired, Jasper avenue extension and Kinnaird street are being put in shape.

The Jasper avenue route and Kinnaird street will be by far the best and safest routes for carriages and rigs to the fair grounds.

The distance is shorter than by any other route. The main entrance is easily reached. There are no railway tracks to cross, nor street cars to frighten horses.

The fair board advocate this route to all who will be driving out to the grounds during the fair. Kinnaird street will be put in shape before the date of the fair.

For shortness, safety and convenience the Jasper avenue extension route will prove the best.

The flag poles have been erected. Superintendent Ordway has kept everything on the hustle. The electric light poles are in place. The different buildings are being equipped with small flag poles, 42 in all. The fair grounds will have a gay appearance this year.

The exhibition has been advertised in sixty Alberta and Saskatchewan papers besides in the leading stock journals.

The exhibitors were sent out last week to the hotelmen, liverymen, boards of trade, railway agents, exhibition associations, newspaper offices, etc.

4000 prize lists have been distributed. The exhibitors are still coming in for more each day.

Every newspaper man and his wife in Alberta have been invited to the fair by special invitation.

The exhibition of grain and grasses will be very large and undoubtedly a credit to the province.

Everything in connection with the fair is going with a swing and Edmonton without a doubt will have an exhibition that will be a credit to the city.

Those who have visited the grounds and more especially directors of other fairs and advance advertising agents, men who have been following the fair business have given nothing but approval of the work done to date.

SASKATCHEWAN COLLEGE OF AGRICULTURE

The Saskatchewan College of Agriculture, being established in connection with the provincial university at Saskatoon, is beginning to get busy.

The opening of the college for students will take place in the fall of 1911 but the closing months of 1910 and the beginning of 1911 will see a vigorous campaign through all parts of the province.

Seed fairs, one and two day short courses, and a "bigger-and-better-than ever" provincial seed fair and short course will be held. It is expected that the faculty of the college of Agriculture will visit during the coming winter every town in the province to which they are invited where one and two day short courses will consist of lectures and demonstration.

Charis will be used to show desirable types of live stock and to illustrate lectures on tillage operations followed in grain growing while grain judging classes will be conducted at the seed fairs and some of the meetings to demonstrate the meaning of "quality" in grain.

Farmers' clubs which were announced last year will be organized and plans for county and provincial affiliations will be presented. The organization of women's clubs will also receive some attention although it is not certain that much will be accomplished in this respect this season.

Active organization will probably be deferred until the following year.

It is intended that both Farmers' and Women's clubs shall become local centres for the study of agriculture and other problems affecting farmers.

What will practically be a course of instruction in certain subjects will be furnished free to the members of these clubs as well as to interested seekers after information. The plan outline response is better than in the work of extending the extension of the given by the College of Agriculture of the University of Saskatchewan.

The College, through its extension department, will compile useful practical information; will summarize in simple form the results of investigations in soils, crops, live stock, including poultry, dairying, meat curing, horticulture, and other matters pertaining to agriculture; and will disseminate this in the form of bulletins.

through such organizations as agricultural societies, farmers' clubs, women's clubs, grain growers' associations, live stock associations, boards of trade and schools. It will endeavor, by means of well informed speakers with illustrated lectures and charts, to carry practical and helpful information into the most remote parts, and thus bring the people of these districts into close relation with the work that is being promoted and carried on by University.

Already a large number of requests for meetings have been received by the director of the agricultural extension work, and many others are doubtless on the way. When as many meetings as can be given have been requested, further applications will be held for consideration next year.

EXPONES THIRD DEGREE

Girl Says Detectives Threatened and Abused Her to Exhort Confession

Wilkesbarre, Pa.—Sixteen year old Annie Slakus, now a physical and mental wreck, to-day accused the police of vicious third degree methods in trying to make her confess to thefts which they charged to her.

She says she was called vile names while in her cell by policemen and detectives, that they threatened to hang her if she did not admit the robberies and that the detectives visited her cell in relays to question her, abused her and called her names and that she was dragged about by her arms from room to room.

She admits committing several thefts, but says she confessed more than she really committed so as to escape the third degree treatment.

FOREIGN STOCKS CONCEALED

Chicago, Aug. 2.—Chicago millionaires were taken by surprise when Frank W. Jones, president of the Illinois Tax Reform League, filed with the Board of Review a statement alleging that \$200,000,000 of stocks in foreign corporations owned by citizens of Cook county have been concealed from the assessor and reviewers and have not been assessed.

CATCH MURDERER AFTER LONG CHASE

Charged With Killing Eight-Year-Old Girl in Louisville, Kentucky

San Francisco, August 2.—Joseph Wendling, wanted in Louisville, Ky., in connection with the murder of 8-year-old Alma Keltner, was taken into custody to-day. He admitted his identity.

Wendling denied any connection with the murder of the girl in his talk with the district attorney and the police. He described his wanderings since leaving Louisville, saying he went to New Orleans, thence to Texas and finally to Vallejo, where Carnes found his trail. The capture was due to a tip given the detectives by a note from some unknown person. The note stated that Wendling would be found at 341 Third Street. That was three days ago, and when the detectives went to the place they found a vacant lot. Adjoining this was a lodging house at 345 Third Street. The place is conducted by a French woman who insisted that no man answering Wendling's description has ever stopped there. A search was maintained about the place, however, and this morning detectives determined to search the house. Wendling was found hidden under the sink in the kitchen. He denied that he was the man but the mark of a bullet wound in the head, received while he was in the French army, was discovered and investigation disclosed the ship tattooed upon his body.

When the officers spoke of this Wendling broke down and admitted his identity. Wendling has been sought for by the city for three weeks. He was trailed to Vallejo, a town 30 miles from here, by Chief of Detectives J. P. Carney, of Louisville, after a chase that led across the continent.

Disappeared in December.

Louisville, Ky., August 2.—Alma Keltner, the 8-year-old daughter of Mr. and Mrs. Fred Keltner, and niece of Frank Fehr, millionaire brewer, disappeared from her home in this city on the morning of December 18 last to attend mass at St. John's church about three blocks away. She

was not seen again until the mutilated body was found in the basement of St. John's parochial school building on May 30. There was every indication that the child had been murdered and her body hidden in an effort to conceal the crime.

Evidence found around the school building and among the effects of the janitor, Joseph Wendling, directed suspicion towards him and when an effort was made to capture him it was discovered that he had fled the city.

His wife was taken into custody but was dismissed after being examined for several days.

Evidence pointing to Wendling was wrung from his wife by the police, and the dead child's relatives and the authorities offered six thousand dollars for his capture.

According to his wife, Wendling left Louisville on January 24 and the trail followed by Carney led him into Mexico Central America, and finally back to this country, to a ranch near Vallejo, California.

When the girl first disappeared it was thought that she had been kidnapped, and search was instituted extending to all parts of Canada and the United States.

ST. JOHN BAPTIST'S DAY.

Quaint Old Customs Observance of the Festival.

The plucking of St. John's Wort, or Devil's Flight on June 24, which is both Midsummer Day and the Feast of St. John the Baptist, is a ceremony still observed by the peasantry of France and Germany, who hang it in their windows as a charm against storms, thunder and evil spirits.

At Oxford University St. John Day was until quite recently the occasion of a curious ceremony. The university sermon for the day was delivered from the old stone pulpit on the west front of Magdalen College, which together with the surroundings was decked with green boughs in commemoration of the Baptist's preaching in the wilderness.

CLEARLY SEEN

Mike—"Why do them false eyes be made of glass, now?"

Pat—"Shure, an' how else could they say through 'em, ye thickhead."

NEARLY CAUSED DISASTER AT SOO

"Lake Shore" Rammled Lower Locks—Succeeded in Stopping Boat in Time

Soo, Ont., August 3.—An accident almost duplicate of the ramming of the lower gate of the Canadian locks occurred early this morning. Luckily, however, with no such disastrous results. About one a.m. the steamer Lake Shore, upbound, attempted to make a landing at the lower pier before going into the Poc Lock.

As she left the pier to enter the lock, the captain gave the lacking signals to straighten the boat around. The reverse engine slipped, and instead of backing, she was driven ahead full speed. The force of speed drove her into the opposite pier, tearing the upper timber walls for over a hundred feet. The gates being open, she headed straight up the lock, the engineer endeavouring to get her to stop and reversed. She struck the upper gate exactly where the two leaves meet, forcing them out two feet.

Saved Bad Wreck.

Before the boat had gone the full length of the lock the engineer had succeeded in reversing the engine, and as she was backed up, the tremendous force of water in the upper canal brought the gates back into place without any danger except to a small hole in the upper plate, caused by the Lake Shore's anchor. Had the lower gate been closed the Canadian disaster would have been duplicated.

Or if the steamer could not have gotten under control before she struck the upper gates, the result is hard to estimate. Fortunately also the wheel man headed straight for the mire in the upper gates.

Is Sister Ship.

A rather remarkable fact is that the Lake Shore is the sister ship to the Perry C. Walker which caused the damage to the Canadian locks. She is owned by the Glchrist Transportation Company, of Cleveland. The damage sustained by her is slight, only a few plates on the starboard side being dented above the water line.

YOUR BUSINESS PRINCIPLES

YOUR business principles may be right; your goods the best; your service to customers faultless. But the public has got to know.

Keep always your talking points before the public. Get in the glare of favorable publicity. Make known the merits of your proposition.

Success comes by focussing the diverting rays of public opinion—centering buyers' choice on what you have to offer.

Make your ability, your commodity, your service **known**. Throw on the light.

TO RENT—GOOD HOUSE, centrally located in Strathcona at \$15 per mo.

MODERN LIFE WOULD BE TOO HARD ON THE NERVES IF IT WERE NOT FOR WANT ADVERTISING!

The pace of life has become tense.

Worries, disappointments, upsets at home and office, losses, discouragements seem to multiply as daily life becomes more complex.

The property owner, who MUST have a steady income from rents or lose his property, is "racked" by the untimely defection of a tenant. Some classified advertising quickly retrieves his loss—and quiets his nerves!

The salary earner unexpectedly loses his position—and his peace of mind. The strain would shortly "break" something in his nervous system if, once more, want advertising did not find the better job—and restore to him his mental equilibrium.

In every phase of the city's life, every day, the want ads play the part of the peace-maker. They SERVE you and me at some crisis in our lives—and keep the modern pace and tension from proving too fast and tight for us.

Truly, the want ads ARE FOR SERVICE!

WANTED

WANTED—A LIVE PARTNER with \$2000 capital for a good paying business in Edmonton. Particulars apply by letter to Box 20 Capital Office. A-2-66

LOT ON SIXTEENTH STREET between Jasper and Victoria, \$3,000. Also some good residential property in the West End and Norwood. Enquire for particulars, or phone 1313.

SEALED TENDERS, addressed to John Stocks, Deputy Minister of Public Works, Edmonton, registered and endorsed, "Tenders for Wood Plaster and Herringbone Lath," will be received up to 12 o'clock noon Saturday, August 20th, 1910, for the supply of certain quantities of Wood Plaster for the Government of the Province of Alberta for public buildings.

Plans, specifications and forms of tender may be had on application at the Engineer's Office, Department of Public Works, Edmonton, or at the Branch Office of the Department of Public Works, Calgary.

All tenders must be accompanied by an accepted cheque payable at 2 per cent. discount to the Minister of Public Works to the amount of five (5 per cent.) per cent. of the tender.

The successful bidder will be required to enter into a contract and give bonds to the amount of twenty (20 per cent.) per cent. of his contract.

The cheques of the successful bidders will be returned within five days after contract is executed.

The right is reserved to reject any or all bids or waive any defects.

JOHN STOCKS. Deputy Minister of Public Works, Edmonton. Dated at Edmonton this 30th day of July, 1910.

SEALED TENDERS, addressed to John Stocks, Deputy Minister of Public Works, Edmonton, registered and endorsed, "Tenders for Wood Plaster and Herringbone Lath," will be received up to 12 o'clock noon Saturday, August 20th, 1910, for the supply and delivery of F.O.B. Sirs Strathcona, as follows:

(a) Approximately 160 tons of Wood Plaster.

(b) 13,000 square feet 24 gauge Herringbone lath.

Specifications and forms of tender may be had on application at the Engineer's Office, Department of Public Works, Edmonton.

A marked cheque for the sum of \$10,000 for each item made payable to the Minister of Public Works must accompany each tender.

The cheques of the successful bidder, if any, will be returned within five days after the contract is executed. The cheques of the unsuccessful bidders will be returned within three days after the contract is executed. The right is reserved to reject any or all bids or waive any defects.

About Town

Wm. Walsh was committed for trial at the mounted police barracks yesterday for indecent assault. He was taken to Fort Saskatchewan.

The Black Diamond Collieries have filed incorporation papers. The company has acquired 4,480 acres on the main line of the G. T. P. about sixty miles west of Edmonton.

Mr. C. M. Archibald, of Edmonton, is a brother-in-law of the Captain Peter Ellison, of the Royal Canadian Artillery, Victoria, B.C., who was shot and killed by a gunner in the corps yesterday.

The Kirmesse promenade concert, which was arranged for this week in the separate school hall, has been postponed until November owing to the departure of several of the ladies interested, for Banff.

No trace as yet been found of George Meredith, the Lacombe home-steader, who disappeared so mysteriously from the home of Mrs. Fred Griffiths, Bellamy street, two weeks ago. The whereabouts of Robert Whitelaw, the other missing man, is also a matter for speculation. The police are still working on both cases.

A sale of work will be held in the Salvation Army Citadel on Fraser avenue next Saturday afternoon and evening, consisting of fancy goods, children's clothing, home made cooking candy, ice cream, etc. The proceeds of the sale will be given to the Sunday school library and the band. Music will be furnished by the band in the evening.

Black Watch Camp No. 202, Sons of Scotland Benevolent Association have arranged to hold a smoking concert at Houston Hall tonight, August 3rd, at 8:30 o'clock. An elaborate program of Scotch songs and Highland dancing has been arranged for. Selections on the violin by J. Brown, Mr. J. Mayne, will give selections on the violin. Ragtime selections by Pipe Major H. H. Lang and Piper Ralston. Exhibition of Highland dancing by J. Gordon, prize winner at Oban and Inverness; P. H. McGregor, champion Highland dancer of Ontario. A good night's enjoyment is in store for all who attend. To all Scotchmen and those of Scotch descent a cordial invitation is extended.

Jack! How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one safe for me. Well, my friends, deal at Hermer's Livery and you will see. Phone 232 and order now. Oh, Jack!

TODAY'S WHEAT MARKET

Cash—No. 1 Northern, \$1.06; No. 2 Northern, \$1.03; No. 3 Northern, \$1.00.
Futures—October, \$1.03-\$1.03½; December, \$1.01-\$1.01½.
Oats—30c.
Flax—\$2.15.

Chicago, August 3.—There was a strong undercurrent in the wheat market this morning, and prices were up ½ to 1 cent, with sales of September wheat at 101 to 101 ½; Dec. at 103 ½ to 104 ½; and May 107 ½ to 108 ½.

Shorts were the principal buyers, while longs and commission houses were both sold. Firmness in Liverpool following our decline yesterday was one of the principal factors. The strength of the foreign markets was due to a scarcity of offerings of new wheat. Weekly foreign crop report is generally favorable. Winnipeg opened ½ higher and went ¼ higher.

New York, August 3.—New York Central led a declining market by a drop of ½ point. There were many other fractional declines. American shares in London unsettled and irregular.

At the police court this morning four drunks were assessed \$4 and \$1 costs or ten days. A charge of non-payment of wages, laid against Mrs. A. Crystal by Elina Lambert, was withdrawn.

The death took place yesterday afternoon of the infant son of Mr. and Mrs. P. F. Matz, 210 Wilson street. The remains will be taken to L'Anse-au-Loup tomorrow morning for interment.

Personal

Mr. Forbes of the Forbes-Taylor Co. left Tuesday afternoon per C.P.R. for Toronto and other Eastern points and will be away for about 3 weeks.

Dr. Ella Syngue, who has been teaching at the University of Chicago, has returned to the city and has arranged for apartments in the Archibald block.

ENGLISH COMMENT ON CANADA WEST

London, Aug. 3.—The Daily News says the revolt against protection in Canada is the most recent and severe blow to tariff reform. The West is supplying the driving force and Canada is turning against tariff in the very heart of the English protectionists are exhorting her to testify on behalf of Protection.

The Morning Post protests against the Free Trade press reports, of gigantic deputations to Laurier in favor of the abolition of the tariff. It declares that Laurier is as likely to commit political suicide as to embark on a fatal free trade policy. From a practical viewpoint the Liberal press, or Liberals and American capitalists behind it, have either discovered or created a marcescent. The well known Scottish millionaire who became apparently the connecting link between the two financial and political views, one of which menaces the prosperity and development of the empire within, and the other from without, and the league designed to persuade Western farmers to favor American connections at the expense of British, is a rougher and perhaps more sensible age a bill of attainer would have rewarded the promoter of such a petty plot to strike at the integrity of the British Dominions.

McBRIDE AND MANN TALK. Victoria, August 2.—Interviewed morning, Premier McBride stated that he spent all yesterday and last evening in conference with D. D. Mann regarding the C.N.R. construction program in Vancouver. Although a final agreement has not been reached, the government and the company are getting much closer and a more comprehensive program than had been suggested for island development may shortly be announced and one with which the people of the island have reason to be more than delighted.

BISLEY MAN DEAD

Toronto, Aug. 2.—A cablegram received in Ottawa this afternoon announced the death in London, England, of Sgt. Regt. aged thirty, a member of the Canadian Bisley team. Sergeant Regt succumbed to typhoid. He was a member of the Q. O. R. of Toronto.

Want Another Ferry. At a meeting of the Strathcona Board of directors yesterday a committee composed of J. M. Douglas, Dr. H. J. Macdonald, and J. M. Douglas, was appointed for the purpose of securing a ferry across the Saskatchewan a little way below Big Island. The committee believe that a ferry at this point will draw the trade from the agricultural districts across the river to Strathcona. The committee will work in conjunction with a committee from the city council and will probably wait on the provincial government with a request for the ferry.

Flowers, like men, look anything but attractive when they go to seed. Engraving as it should be done—Jackson Bros.

Does Your Watch Keep Time?

If not, bring it to us and let our watch experts examine it. All our work as far as possible is repaired the same day as it comes in which saves you a long wait.

We employ only finished workmen and are able to guarantee absolute satisfaction or money refunded.

The Day in Strathcona

Council Meeting. "I think the council should take steps to prohibit prize fights in this city," said Ald. Richards. "They are prohibited in Calgary and Edmonton, and I think it is disgrace that we should countenance them. I would oppose them more especially on the ground of the moral effect upon the children of the city. It is our duty to guard them from such bad influences."

The discussion along these lines at the meeting of the Strathcona City Council last evening was somewhat heated and lengthy. It was Ald. Richards who brought the matter up, contending that the recent boxing exhibition in the opera house was a prize fight, while Ald. Tim, who controls the Opera House said it was most orderly and quiet, and that there was not a big city in the United States or Canada where these bouts were not permitted. It was Ald. Richards thought that the United States should not be quoted after the "recent exhibition of barbarism there." The discussion ended by a resolution in favor of the City of Police to attend the coming exhibition in the Opera House and see that it was conducted in an orderly manner.

Curfew Law. Ald. Bush then introduced a by-law which was promptly passed prohibiting children under ten years, unless under proper guardianship, from being on the streets of the city from 9 p.m. from April to September, and after 7 p.m. from October to March, the penalty being \$5.00.

A communication from the Dixon Bridge Co. enclosing a form of contract was referred to the Public Works Department with instructions to secure the approval of the City Solicitor to the agreement.

The contract for the high-level bridge over Mill Creek was formally awarded to the Dixon Bridge Co. S. Swartz, who undertook the care of Murphy, who has been known in the city, put in a claim for \$18 damages to bedding and \$2 paid out for clothing. The \$18 claim was dismissed and the \$2 claim allowed.

The report of the secretary-treasurer on the passing of the ten money by-laws recently voted was read and accepted.

The plans for a sixteen-foot bridge at a cost of \$104 on Southbrook Avenue between Seventh and Eighth Streets, but the matter was left over for further consideration.

The council decided to instruct the fire chief to see that the bell in the fire hall was rung at 7 a.m., at noon, at 1 p.m. and at 6 p.m.

An invitation to the council to send representatives to the annual convention of the municipal league, to be held in St. Paul, Minn., was filed.

Want Another Ferry. At a meeting of the Strathcona Board of directors yesterday a committee composed of J. M. Douglas, Dr. H. J. Macdonald, and J. M. Douglas, was appointed for the purpose of securing a ferry across the Saskatchewan a little way below Big Island. The committee believe that a ferry at this point will draw the trade from the agricultural districts across the river to Strathcona. The committee will work in conjunction with a committee from the city council and will probably wait on the provincial government with a request for the ferry.

LAST STRETCH OF C.P.R. BRANCH LINE

(Special to The Capital.)
Calgary, August 3.—The contract for the twenty-six mile stretch of track to be constructed by the Canadian Pacific Railway between Carnarvon and Alderside has been let to Foley, Welch and Stewart Company. This company has been doing a lot of work for the C.N.R. The total distance of the new short cut to Calgary from Lethbridge is fifty-six miles, but thirty miles of this have already been built. Work on the line will be completed about the middle of October. The work will be started within ten days.

SATISFACTION AT SETTLEMENT

All Classes Are Happy Over End of the Grand Trunk Strike

THE MEN ARE GAINERS

Will Strikers All Be Taken Back? Superintendent Says Not

Ottawa, Ont., August 3.—The Grand Trunk strike, which has lasted two weeks and one day, and which has cost the company, the striking men and the conductors hundreds of thousands of dollars and has meant immense industrial loss and inconvenience to the general public, is ended.

The men, other than those who have been guilty of violence or disorderly conduct go back to work at once on the increased schedule of rates offered by President Hayes on July 18th, averaging according to the tariff statement a general increase of 18 per cent, with the promise that the rates now in force on the C.P.R. lines east of Port William, which are the lowest, the standard rates demanded by the men shall come into force on January 1, 1912, instead of a year later as originally offered by President Hayes.

All are Satisfied. Toronto, August 3.—The news of the settlement of the strike is received here with much satisfaction by all classes. The union element is pleased at what is regarded as a decided advantage gained by the men in having the Grand Trunk concede a mileage rate of pay in lieu of monthly wages and promise standard rates in a year's time which was formerly offered.

Company Saved Money. It is figured here that the loss to the railway will aggregate \$1,182,585 against this there is a saving of \$1,620,720 between the offer of the company and the demand of the men, which means an aggregate saving of approximately \$500,000 for the company on this account.

Men Lost Money. The direct loss to the men is estimated here to be \$168,750 on a basis of \$2 a day for 15 days for 4,500 on strike.

There was a perceptible difference in the Grand Trunk business to-day and a big share of the holiday rush will go to their way. Business men interested in the Grand Trunk strike will be felt in the earning power of the road for the next twenty days.

There is a good deal of speculation whether or not the men under the settlement receive their old status on the pension list, but the opinion prevails that this has been one of the losses sustained by the men.

Men May Go Back. Montreal, August 3.—Some dissatisfaction is expressed by the Grand Trunk men over the failure of the peace agreement yesterday to provide for the return of strikers. The railway expects to resume freight traffic to-morrow. It is believed all the men will get their places back.

Toronto, August 3.—W. C. Brownlee, supt. of transportation for the Grand Trunk Railway intimated this morning that strikers had lost all chance of pensions.

"The men," he said, "who have behaved themselves during the strike will be taken back in order of their application as new men."

NEED RAILROAD TO NORTH COUNTRY

"Trails Are Full" and Hundreds Pouring in, Says Mr. Wadleigh

AN EXCELLENT COUNTRY

Ground Conserves the Moisture More Than in This District

"The survival of the fittest," is the description Mr. W. Wadleigh, who has just returned with Judge Noel's party from a judicial tour of the north, applies to the hard line the settlers going into the Grande Prairie country have over the Peace river trail.

Mr. Wadleigh accompanied Judge Noel on his hold court at a number of places in the north and who was accompanied by Major Saunders, inspecting the R. N. W. M. P. station, and several guests amongst whom were C. B. Riley, of Calgary, and Count de Scharnhorst, also of Calgary. Mr. W. Wadleigh's cousin accompanied the judge in the official capacity of clerk of the court.

Speaking of the country Mr. Wadleigh said that it has been a very dry year up north but that the crops were exceedingly good. The Grande Prairie he said, had been boomed a lot but there were lots of other places just as good, which were being passed over by the settlers.

Trails are Full. The trails are full of men going into the country to make their homes there but all of them are kicking about the trails. "There is no doubt that there has got to be a railroad into that country soon," said Mr. Wadleigh. "It is the only way that will properly open it up."

On the subject of fires he said that there were quite a number this year on the Athabasca, but few in the Peace. "It is not a timber country, you know," he said; "of course along the rivers there is a certain amount but it is not very heavy."

"The country never suffers from too much rain or really suffers from drought. The soil is very different from Edmonton soil and conserves the moisture a good deal more. The rain fall is good—real showers more than a steady down-pour."

"It is a splendid country," concluded Mr. Wadleigh, "and it's a mixed farming country and also that is the class of man that is going in there now—the mixed farmer."

ELABORATE PROGRAMME

(Continued from page one)

rest. A Monster Parade. The monster parade will be the first feature of Tuesday morning's ceremonies. The route of the parade, starting from the King Edward Hotel will be as follows, subject to changes: Along First street to Jasper avenue; east on Jasper avenue to Seventh; south on Seventh to Hardy; north on Hardy to Sixth; north on Sixth to Fifth; north on Fifth to Victoria; north on Victoria to Third; north on Third on Jasper to Howard; north on Howard to Rice; east on Rice to Fraser; north on Fraser to Clara; east on Clara to Namay; north on Namay to Boyle; east on Boyle to Kintinot; south on Kintinot to Jasper; west on Jasper to the Yale hotel.

Speeches at the Yale. On the arrival of the parade at the Yale Hotel, where a platform is to be erected, the civic address of welcome will be presented to Sir Wilfrid by Mayor Lee, which will be followed by the Prime Minister's reply.

After this ceremony the Premier and his party will adjourn to the King Edward Hotel, where it is probable that the committee of aldermen appointed by the city will meet.
